**BY ORDER OF THE SECRETARY
OF THE AIR FORCE**

AIR FORCE INSTRUCTION 20-112

6 OCTOBER 2017

Logistics

**LOGISTICS READINESS QUALITY
ASSURANCE PROGRAM (LR QA)**

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

ACCESSIBILITY: Publications and forms are available on the e-Publishing website at www.e-Publishing.af.mil for downloading or ordering

RELEASABILITY: There are no releasability restrictions on this publication

OPR: AF/A4LR

Certified by: SAF/AQD
(Mr. Lawrence S. Kingsley)

Supersedes: AFI 20-112, 4 February 2015

Pages: 17

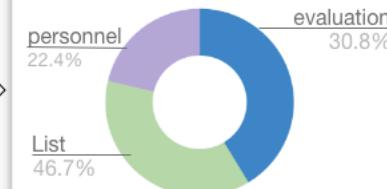

This publication implements Air Force Policy Directive (AFPD) 63-1, 20-1, *Integrated Life Cycle Management*. This instruction establishes the Logistics Readiness Quality Assurance policy, procedures and guidelines for a standardized, repeatable assessment and evaluation process throughout the United States Air Force (USAF) Logistics Readiness community. This Instruction applies to all Air Force Uniformed personnel (Regular, Air Force Reserve (AFR) and Air National Guard (ANG)) and civilian personnel. For assistance with interpreting this instruction, contact your Major Command (MAJCOM) functional policy activity. ANG units should contact the Air National Guard Readiness Center functional policy section for guidance. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, *Recommendation for Change of Publication*; route AF Form 847s from the field through the appropriate functional chain of command. policy, procedures and guidance for the execution of the publication process throughout the United States Air Force (USAF) Logistics Readiness community. This Instruction applies to all Air Force Uniformed personnel (Regular, Air Force Reserve (AFR) and Air National Guard (ANG)) and civilian personnel. For assistance with interpreting this instruction, contact your Major Command (MAJCOM) functional policy activity. ANG units should contact the Air National Guard Readiness Center functional policy section for guidance. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, *Recommendation for Change of Publication*; route AF Form 847s from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all Supplements must be routed to the OPR of this publication for coordination prior to certification and approval as outlined in Air Force Instruction (AFI) 33-360, *Publications and Forms Management*. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360 for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of IAW Records Disposition Schedule. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

Chapter 1

GENERAL PURPOSE AND SCOPE

1.1. Purpose. The purpose of the Logistics Readiness (LR) Quality Assurance (QA) program is to provide the unit commander/civilian director and senior leadership with an assessment of the unit's ability to perform key logistics processes by ensuring standardized, repeatable, technically compliant process execution, while promoting a culture of professional excellence and personal responsibility. The program's primary focus is on personnel proficiency and adherence to established policy and procedures.

1.2. Scope. The LR QA program is focused on enabling and strengthening commanders' mission effectiveness and efficiency. To motivate and promote military discipline, improved unit performance, and manage excellence up and down the chain of command at all levels. To identify issues interfering with readiness, economy, efficiency, discipline, effectiveness, compliance, performance, surety and management excellence. Civil Service Most Efficient Organizations and contracted organizations shall follow the requirements established in their contract's Performance Work Statement (PWS) and the Quality Assurance Surveillance Plan (QASP) for an accepted quality program.

BRX SCENE TRAINING NUTRITION WOMEN EVENTS REVIEWS TRAINING PLANS BEGINNERS

They bring the crossfit community even closer together with some synchronized exercises! You don't want to drag them along so it ensures that you are always working hard and pushing yourself.

Lets leave a note for the team

I work out at CrossFit Grenzganger so most of my workouts come from the box programmer Jendrik.

10 MIN AMRAP SESSIONS

Each station is 10 minutes and the team must be working the whole time. Only one at a time though. Two people teams can chose how to split the work.

This workout takes a lot of time, **60 minutes of work**. If you don't have lot of time you can shorten the time for each WOD to 5 minutes.

Teams of 2

- 20 Wall Balls, 20 DU 2 Wall Walks
- 3 Burpees, 3 Push Up, 3 Squats
- 10 Cal Row, 20 Sit Ups, 2 Stair Run
- 24 Lunges with Kettlebells, 12 Push Press with Kettlebell, 12 Box Jumps
- 5 Pull Ups, 10 Push Ups, 15 Squats
- Emom, first min D-ball over Shoulder, second minute Wall Sit

This publication implements Air Force Policy Directive (AFPD) 63-1, 20-1, *Integrated Life Cycle Management*. This instruction establishes the Logistics Readiness Quality Assurance policy, procedures and guidelines for a standardized, repeatable assessment and evaluation process throughout the United States Air Force (USAF) Logistics Readiness community. This Instruction applies to all Air Force Uniformed personnel (Regular, Air Force Reserve (AFR) and Air National Guard (ANG)) and civilian personnel. For assistance with interpreting this instruction, contact your Major Command (MAJCOM) functional policy activity. ANG units should contact the Air National Guard Readiness Center functional policy section for guidance. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, *Recommendation for Change of Publication*, route AF Form 847s from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all Supplements must be routed to the OPR of this publication for coordination prior to certification and approval as outlined in Air Force Instruction (AFI) 33-360, *Publications and Forms Management*. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360 for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of IAW Records Disposition Schedule. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

This publication implements Air Force Policy Directive (AFPD) 63-1, 20-1, *Integrated Life Cycle Management*. This instruction establishes the Logistics Readiness Quality Assurance policy, procedures and guidelines for a standardized, repeatable assessment and evaluation process throughout the United States (US) Logistics Readiness community. This Instruction applies to all Unformed personnel (Regular, Reserve, and Air National Guard) and civilian personnel. For assistance with interpreting this instruction, contact your Major Command (MCOM) functional policy activity. Units should contact the Air National Guard Readiness Center functional policy section for guidance. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using Form 847, *Recommendation for Change of Publication*; route Form 847s from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all Supplements must be routed to the OPR of this publication for coordination prior to certification and approval as outlined in Air Force Instruction (AFI) 33-360, *Publications and Forms Management*. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360 for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFM 33-363, *Management of Records*, and disposed of in accordance with IAW Records Disposition Schedule. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the USAF.

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

ACCESSIBILITY: Publications and forms are available on the e-Publishing www.e-Publishing.af.mil for downloading or ordering

RELEASABILITY: There are no releasability restrictions on this publication

OPR: AF/A4LR

Certified
(Mr. Lawr)

Supersedes: AFI 20-112, 4 February 2015

This publication implements Air Force Policy Directive (AFPD) 63-1, 20-1, *Integrated Life Cycle Management*. This instruction establishes the Logistics Readiness Quality Assurance policy, procedures and guidelines for a standardized, repeatable assessment and evaluation process throughout the United States Air Force (USAF) Logistics Readiness community. This Instruction applies to all Air Force Uniformed personnel (Regular, Air Force Reserve (AFR) and Air National Guard (ANG) and civilian personnel. For assistance with interpreting this instruction, contact your Major Command (MAJCOM) functional policy activity. ANG units should contact the Air National Guard Readiness Center functional policy section for guidance. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, *Recommendation for Change of Publication*; route AF Form 847s from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all Supplements must be routed to the OPR of this publication for coordination prior to certification and approval as outlined in Air Force Instruction (AFI) 33-360, *Publications and Forms Management*. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360 for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of IAW Records Disposition Schedule. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

Expanded view is useful for those that have
Two monitors or if you're looking to get a
Closer look.
